Improvement on every aspects of Max Payne 1. Controls and shooting are a lot better and satisfying now.. MAX PAYNE 2: THE FALL OF MAX PAYNE is simply amazing or simply the best [by Tina Turner :DD]. I want a movie with John Hamm as Max. My first ever Max Payne I played when I was a kid. Nostalgic. This game has always got a special place for me. It will leave you with chills. The Noir style is put together so well it make you feel sad for Max and how miserable he is.

The gameplay in my opinion is extremely fun, it's very smooth and with satisfying headshots all round! The storytelling is a 10/10. Graphic Novel, love it as I did for Max Payne 1. The characters are engaging and occasionally humorous which is always a plus. Level design is good can get a little claustrophobic at times and PHYSICS. All in all it's a bloody good game!

Having a short story is a slight negative for me, but how it is told certainly makes up for it. The combat, I found a little tedious towards the end but that's just a minor thing.

I strongly recommend Max Payne 2 for all fans of the genre. Buy when it's on sale next. You won't be disappointed!

My rating:

7/8 Painkillers.. I have had this game for years. New computer, Windows 10, error says, game is running. It isn't and won't play.

Again, a classic game with a great story. And again, because the game is old, there are problems running the game on the new Windows systems. You can find the fixing guides in the community hub.
