moira's urban ninja costume

Horny Moira suit.. remmeber when game have unlock systems but now you need "Paid" to unlock this outfit. very revealing. didnt expect that. and on special, why not.. I expected there to be more clothing. I was wrong.. Hands down my favorite outfit in the game

With the Katana basically reminds me of Babydoll from Sucker Punch. Its a really good looking outfit. If only it was more whole it would be useable in the series. But thats what modes are for! 6/10 as is 9/10 if whole. The picture for the DLC shows off the more complte part of the costume.. Best alternate costume in the game.

Can be used in Raid mode.

XD,why did I bought this? Oh...

10V10. Too bad she cant use the sword but it is a pretty neat costume. She kinda looks like Sherry from Resident Evil 6..
